About the University of Massachusetts

As a public land-grant research university, the mission of the University of Massachusetts is to provide an affordable and accessible education of high quality and to conduct programs of research and public service that advance knowledge and improve the lives of the people of the Commonwealth, the nation, and the world. Education at UMass is enriched by a constant flow of people and ideas from around the globe as well as by the remarkably diverse backgrounds and experiences of the graduate students themselves.

From Nobel Prize-winning gene-silencing research to renewable energy, nanotechnology, cybersecurity, life sciences, marine science, gerontology, disability studies and advocacy, the University of Massachusetts is expanding the boundaries of knowledge, bringing distinction to the Commonwealth and improving the lives of its citizens. UMass students have amassed an enviable record when it comes to claiming prestigious scholarships, winning Fulbright, DAAD, Truman, Goldwater, Marshall and Gates Cambridge awards.

When students conduct research under the mentorship of our faculty, they experience firsthand the excitement and accomplishment of discovery. Student research may lead to co-authorship on peer-reviewed publications or professional presentations. Research collaboration with industry provides opportunities for internships that are often stepping-stones to rewarding employment after graduation.

The University of Massachusetts Amherst is the original and largest campus of the University, and the most comprehensive in terms of the breadth and depth of its academic programs. Even as the campus incorporates modern teaching methods involving new communication and information technology, it remains an immersive, residential campus serving predominantly full-time students who learn from peers as well as their professors. UMass Amherst delivers outstanding value to students and families from across Massachusetts, the nation and the globe.

True to its land-grant roots, the campus is engaged in research and creative work in all fields. Total R&D annual expenditures exceed \$190 million, with major areas of emphasis in climate science, food science, alternative energy, nanomanufacturing, polymer science, computer science and linguistics.

Together, students and faculty are deeply engaged in collaboration with communities — both regional and international — to improve their social and economic conditions.

More Application Information

<p>Study Proposals</p>	<p>Graduate students are required to write study proposals as part of the application process. The study proposal is a way for you to articulate your academic and career goals and explain how a semester/year abroad at UMass Amherst would help you achieve them.</p> <p>Your study proposal should mention specific courses that interest you, relevant courses you have taken at your home university, research and/or specific lab work you might be interested in, and internships or other work experiences that are related to your field of study.</p> <p>Choose one specific academic department to which you will direct your application and please provide detailed information on your academic background and achievements, and indicate your specific areas of interest/concentration.</p> <p>Study Proposal should be two pages double-spaced and the main emphasis should be on academics and why a semester or year in a specific department at UMass Amherst will be beneficial.</p>
<p>Letters of Recommendation</p>	<p>Students need two (2) letters of reference from sources who know the student in an academic setting and will be able to rank their academic achievements.</p>
<p>Grade Explanations</p>	<p>Students are required to submit an explanation that address any grades falling below a letter grade B or a GPA of 3.0 by US standards. Reasons could be specific personal circumstances or an explanation of the distribution of grades at home university. Grades could also be addressed in letters of recommendation.</p>
<p>Duration of Exchange</p>	<p>Year-long exchanges are preferred but fall or spring semester exchanges are also possible.</p>

Course Information

At UMass, you will register for courses using our Internet-based registration system, known as "SPIRE". Course schedule information is ONLY available online. You will need your Net ID and password to log in to SPIRE. (Your Net ID and password are the same codes that you use to access your UMass email account.)

Course Catalog	Students can browse course offerings by semester <i>without</i> a UMass NetID by visiting https://www.spire.umass.edu and clicking "Search Classes/Catalog" under the heading <i>Catalogs & Schedules</i> .
Course Access	No courses are guaranteed. Take note of course pre-requisites. Often, the same classes or similar ones will be offered each year, but sometimes during only one term, e.g., fall or spring. Since the course catalog for future semesters is not online yet, you will need to look at the current as well as previous semesters.
Language of Instruction	English (unless a specific language course)
Registration Period	Students will receive an email with registration dates and information. Students are encouraged to familiarize themselves with SPIRE and have a variety of courses in mind so they can enroll as soon as their appointment posts. The first two weeks of each semester is called the "Add/Drop" period where students can freely add classes or drop out of classes without any record.
Course Number System	100-199 – Lower Division Undergraduate – Freshman (first year) level 200-299 – Lower Division Undergraduate – Sophomore (second year) level 300-399 - Upper Division Undergraduate – Junior (third year) level 400-499 - Upper Division Undergraduate – Senior (fourth year) level Graduate students are expected to take at least two 500 level or above courses per semester and no more than one undergraduate course per semester. 500 - 599 Combined graduate/undergraduate 600 - 699 Master's or first-year graduate 700 - 899 Doctoral or advanced graduate
Course Types	Courses will generally be lecture style though some lectures are accompanied with a separate discussion section or lab. Other types of classes are seminars or independent studies with professors (contact professor for information).
Course Load	Graduate exchange students must enroll in a minimum of 9 credits per semester. 6 credits must be 500+ level.

Grading System

UMass uses a typical American grade point average (GPA) system. The percentages corresponding to each letter grade vary depending on the professor and the department, but are generally stated in the syllabus.

For more specific information on GPA calculations:

<https://www.umass.edu/sas/current-students/academics/grading-system>

Letter Grade	GPA	Letter Grade	GPA
A	4.00	C	2.00
A-	3.70	C-	1.70
B+	3.30	D+	1.30
B	3.00	D	1.00
B-	2.70	F	0.00
C+	2.30		

Transcripts

Students are responsible for requesting and paying for their official transcripts at the end of the semester. IPO is not able to request transcripts for students.

For more information:

www.umass.edu/registrar/students/transcripts/how-request-official-transcript

Quick Tip: SPIRE

SPIRE is the University's secure online student information system. Almost all student functions take place on SPIRE: Students use SPIRE to register for courses, view/pay their Bursar bill, view holds, select/view housing assignments, change meal plans, etc. You will need your Net ID and password to log in to SPIRE. (Your Net ID and password are the same as those you use to access your UMass email account.)

Housing

Graduate students may live on-campus or off-campus. On-campus means living in university owned residence halls or apartment complexes. These halls and apartments are physically on the campus of the university. At UMass over 13,000 students, primarily undergraduate students, live in one of the 52 residence halls.

Off-campus housing means that students live in independently managed housing. Though off-campus housing is not affiliated with the university, the university has an office dedicated to assisting students living off-campus, linked below.

Visa Requirements

When students receive their acceptance email, they will be given visa application instructions. Hard copies of the DS-2019 will be sent to the home school coordinator to distribute to students to apply for their J-1 visa. Students should also make sure their passport has at least six (6) months beyond the intended stay in the US before expiration.

Employment

For employment options for J-1 students see: <http://www.umass.edu/ipo/iss/employment>

Health Insurance

Insurance	<p>In accordance with Massachusetts law, students are required to have primary health insurance which meets certain requirements. At UMass Amherst, International students must maintain coverage under the University's Student Health Benefit Plan (SHBP). All full-time students are automatically enrolled and billed for the SHBP. Insurance through non-U.S. insurance companies is NOT allowed. Students are billed in the fall for the period of August 1 through January 31, and in the spring for February 1 through July 31. Family insurance plan is available at additional cost. Graduate students who are eligible for health fee exemptions through an assistantship in the GEO bargaining unit are only responsible for 5% of the cost of individual SHBP and 10% of the family plan.</p> <p>Information of SHBP: http://www.umass.edu/uhs/insurance/shbp</p> <p>Information on CHP: https://consolidatedhealthplan.com/group/173/home</p>
Insurance for Families	<p>Students who will be accompanied by their families will need to purchase the Student Family Health Insurance Plan at a cost of currently \$3,000, in addition to the Mandatory Health Fee and SHBP (total of \$4,900) listed on the previous page. Students must provide evidence for an additional \$600 for living expenses for the first dependent (total \$5,550 including family health plan) and \$1,500 for any additional dependents.</p>
Health Fee	<p>Students pay a mandatory Student Health Fee that entitles them to be seen at University Health Services. This fee cannot be waived.</p>
Immunizations	<p>Massachusetts state law requires that college students have certain immunizations before coming to school.</p> <p>Students are required to submit immunization information through the online system found at www.umass.edu/uhs/immunizations.</p> <p>Students are not able to submit this information until they have been assigned a UMass email.</p> <p>Immunization information should not be submitted to the IPO office.</p> <p>There will be a HOLD on your classes in Spire, meaning that you cannot register until you meet the immunization requirements.</p>
